Dear John:

Thank you so much for hosting my very entertaining and interesting meeting with the Tribune's Editorial Board on September 20.

I have enclosed Senator Inouye's statement with regard to Senator Church's words concerning the Agency and its "rogue elephant" image, which Church later disavowed.

I found your people to be forthcoming and hope they took away as much from our session as I did.

Sincerely,

/s/ Frank C. Carlucci
